Hospital Price Transparency
Scorecard

☐ **Data Standardization**

Can you align and normalize pricing data across systems to meet CMS formatting rules?

☐ **Payer Contract Clarity**

Are your payer agreements translated into clear, reportable dollar values?

☐ **Machine-Readable Files**

Are your files CMS-compliant in format, placement, and accessibility?

☐ **Shoppable Services File**

Have you published a compliant list of 300+ shoppable services in plain language?

☐ **Regulatory Adaptability**

Can your team and tech keep pace with fast-moving CMS changes?

Don't delay. Regulatory enforcement is increasing and fines are real.

Need help?

Our team is here to simplify your price transparency journey.
